You can grow with confidence, having an emergency team on a call distance, ready to support you in a crisis and overcome it **fast**.

Integrate emerging technologies evaluate your security posture and improve your current incident readiness and response capabilities to minimize the damage

OVERVIEW

The **UD** Incident Response Retainer (IRR) allows you to establish terms and conditions for incident response services **in advance**. We learn your business and technical environment so we can respond **immediately** if a breach occurs.

We provide 3 options for Incident Response Retainer that are designed to suit different needs and budgets:

Basic:

Establish terms and conditions between your organization and UnderDefense for incident response services. The contract defines hourly rates for related services and technology fees. There is no financial commitment or annual cost. Charges are only incurred on a time and materials basis upon declaration of an incident.

Retainer	Predetermined Rate	Includes
Zero	\$470 per hour vs. Full IR rate ~ \$550 per hour	No upfront payments Get support based on best effort and current availability

Standart:

Evaluate security posture and improve your current incident readiness and response capabilities. Our experts will help you compile Incident Response Plan tailored for your organization.

Retainer	Predetermined Rate	Includes
\$ 10,000	\$400 per hour - Against Retainer	Signed SLA Incident Readiness Assessment Flexibility to reallocate hours for additional services

Premium:

Get the best SLA and full package Incident Readiness Assessment Services. Incident response hours at a discounted hourly rate - against the Retainer. The unused pre-paid hours can be used on a variety of technical and strategic consulting services.

Retainer	Predetermined Rate	Includes
\$ 15,000	\$350 per hour- Against Retainer	The best SLA terms Incident Readiness Assessment Flexibility to reallocate hours for additional services Unused hours roll over annually
